Product highlights

Nickel-plated connectors

Nickel-plated connectors establish a clean contact between the cable and connector for a reliable connection.

Quality construction

Quality construction uses only top grade materials to create products of extended durability.

High purity copper

This copper conductor provides high accuracy in signal transfer with minimal resistance.

Easy grip

This non-slip grip makes connecting your components easy and ergonomically comfortable.

Power Plug Included

Power plug included.

Molded plug

Molded plugs ensure secure connections between components and offer extended durability.

Flexible PVC Jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.
